**LEVELIZED PAYMENT PLAN**

The City of Humboldt offers a levelized payment plan in order to provide utility customers the option of leveling their bills throughout the year. To qualify for the plan, a customer must have a one year history with a maximum of one delinquent payment in the same residence and no record of disconnection for non-payment. The plan is available to individually metered residential customers only. The levelized payment plan is for one year and begins with the May billing. Deadline for sign-up is April 30. Contact City Hall for more information or stop by and pick up your application.

If you are currently on the plan and wish to remain on it, no action is necessary, you will automatically be renewed and your new monthly amount will be calculated.
